~~~~~~~~~~~~~~~~

Mrs. WARREN begs to return her thanks for the extensive patronage which has been conferred upon her former Series of Crochet Collar Books. In introducing this New Series— one of EDGINGS, another of COLLARS and CUFFS, and a third of DOYLEYS, she trusts her efforts will meet with similar success.

EXPLANATION OF STITCHES.

CHAIN STITCH is made by forming a loop, and drawing one loop through the other.

D^c or DOUBLE CROCHET, is made by inserting the hook through the loop, and drawing the cotton through, then draw the cotton through the two loops, there will then be one loop on the hook.

LONG STITCH is made by *first* twisting the cotton over the hook, then insert the hook into the loop, draw the cotton through two loops, and again through two, there will then be only one loop on the hook.

In working these patterns every care must be taken not to turn the work, but commence each row at one end, and at the termination, cut off the cotton and begin again.
