DIRECTIONS FOR STARCHING

Starch: Dissolve ¼ cup starch in ½ cup of cold water. Boil about 1¼ cups of water, remove from flame, then slowly stir the starch mixture into boiling water stirring constantly. Place back on flame until it thickens.

As soon as starch is cool enough to handle, dip doily and squeeze starch through it thoroughly. Wring out extra starch. The doily should be wet with starch but there should be none in the spaces. Pin center of doily in position according to size and leave until thoroughly dry. If steam iron is used iron ruffle after it is dry. If regular iron is used dampen ruffle slightly before pressing. Pin folds of ruffle in position and leave until thoroughly dry.
