A LESSON IN KNITTING

IF YOU DON'T KNOW HOW TO KNIT YOU CAN EASILY LEARN FROM THESE CAREFULLY WORKED OUT DETAILS AND DIRECTIONS

By
Elsa Barsaloux

“Casting on”
stitches
the
first step

A simple process
which is
easily
mastered

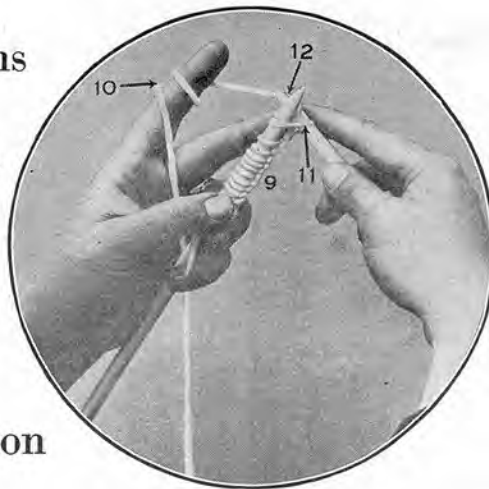

Directions and illustrations are to be followed in numerical sequence.

(1) Tie a slip knot on needle, hold needle in position in right hand. (2) Pass yarn around thumb and forefinger, (2) holding yarn with fourth and fifth fingers in palm of left hand. (3) Insert right-hand needle (below forefinger) underneath yarn held down by fourth and fifth fingers. (4) Pass needle over yarn between thumb and forefinger.

(5) Draw yarn over needle under yarn of forefinger. This forms a loop on right-hand needle. (6) Release yarn from thumb and forefinger. (7) Draw loop up on right-hand needle to form loop or st, repeat until desired number of sts are cast on. (8) shows sts cast on needle.

In these directions
needles and yarn
are held
in the approved
Continental fashion

TO KNIT (K)

(9) Needle passed to left hand. (10) Wrap yarn around forefinger of left hand. (11) * The right-hand needle inserted from left to right in first loop or st on left-hand needle. (12) Pass yarn over right-hand needle from right to left, then draw the yarn passed over needle (13) through loop or st on left-hand needle (14) to form the loop or st on right-hand needle.

TO PURL (P)

Pass the yarn to front of needle; (17) insert right-hand needle from right to left in loop on left-hand needle; (18) pass yarn from right to left over point of right-hand needle, and draw the yarn through the loop or st on left-hand needle; slip the loop from left-hand needle, repeat until the sts are all purled on right-hand needle or the number of sts required by directions are purled. (19) The sts purled on right-hand needle. (20) Yarn passed to front of needle. (Note. — Always pass yarn to front of needle before purling a st, and pass back of needle to knit a st.)

(15) Slip loop from left-hand needle, repeat from * until sts from left-hand needle are knit on to right-hand needle. (16) One row knit, needle passed to left hand in position to start to knit next row.

To knit across and back is called a ridge.

TO SLIP A STITCH

Insert right-hand needle from left to right in stitch on left-hand needle and slip the stitch from left-hand needle to right-hand needle without knitting.

TO INCREASE A STITCH

(23) Repeat from (11) to (14) inclusive; (24) leaving loop on left-hand needle (25) insert right-hand needle in same loop or st in back of left-hand needle; pass yarn from right to left hand point of needle and draw yarn through loop or st to form increased st (26) slipping loop or st from left-hand needle (this makes 2 sts out of one.)

TO DECREASE A ST OR TO KNIT TWO STS TOGETHER

(27) Insert right-hand needle from left to right through 2 loops or sts on left-hand needle, repeat from (12) to (15) inclusive.

KNITTING NEEDLES AND CROCHET HOOKS

All of the Sizes Required for the Various Articles Described in this Book Are Here Reproduced in Exact Size. To Compare, Place Needle or Hook Over Illustration of Size Required.

A WARNING AND A SUGGESTION

If larger or smaller needles than those called for in the directions are used, articles will be correspondingly larger or smaller and the stitch too loose or too tight to be satisfactory unless a worker knits **very** tightly, when it is sometimes advisable to use a larger needle in order that the work may not be too tight and hard. Better still, correct your tendency to knit too tightly.

IN the collar, cuffs, bands, and belt the d is made by inserting the hook under the two threads of the st. In the body the d is made by inserting hook under the back thread of the st. All widening or narrowing is done at the top, the lower edge being kept straight.

Body.—Take the white and colored wool. With white make 5 ch. Draw colored thread through last loop of white and then make 80 ch; turn. *1st row*—Work in colored chain. When last st is taken up draw white thread through the loop and make 6 d in the white, ch 1, turn. *2d row*—6 d in the white. Draw colored thread through loop and continue to end, making 2 sts in the last st, ch 2, turn. *3d row*—Same as 1st, and 4th same as 2d. It will be noticed that two rows make a ridge, and that the widening is all done at the top. Repeat 3d and 4th rows through 18th row, ch 1, turn. *19th row*—Plain. *20th row*—Plain. Skip next to last st and work into last st instead. *21st row*—Like 19th. *22d row*—Like 20th. Continue in same way through 32d row. Break thread. *33d row*—Join thread in 17th st and continue to bottom, turn. *34th row*—Work to end of this new short row, turn. *35th row*—Like 33d. *36th row*—Like 34th. sleeves up, taking care to catch both threads of the sts.

BAND.—Chain 8, turn, d in each st of ch, ch 1, turn. Continue until band lacks about 1½ inches of being as long as the front edges of body of sweater. Skip 1 st on one edge of the band, thereby narrowing it until a point is reached. Take care to have one side straight. Now on the longer edge of band, beginning at bottom, make 6 sts of white. Then draw colored thread through and continue to end. Pull thread through and leave end for sewing. Whip the band onto the front, taking care to have seam on wrong side, and catching through both threads of every st. Make buttonholes in one band by simply making about 4 ch wherever desired and then work into the ch.

BELT.—Chain 10. Proceed as in band. When belt is within 2 inches of right length make buttonholes as follows: Work back and forth on 2 sts for about 3 rows. Break thread. Work on the 4 central sts until even with the other two. Break thread and work on last 2 sts, then work all across for about 2 rows.

COLLAR.—Chain 62. Turn, d in each st, ch 1, turn. Continue until 30 rows are completed, ch 1, turn. Skip 2 sts, 28 d. Turn without any ch st. Work to straight edge, ch 1, turn, work to within 1 st of former row. Turn without making ch st. Continue until point is reached. Repeat on other side of collar.

CUFFS.—Chain 35, join, ch 1, d in each st, join. Chain 1, turn, work back. Widen only in every other or every 3d row. Make cuffs as deep as desired—probably about 20 rows.

POCKETS.—Chain 21, turn, d in each st, ch 1, turn. Continue until 16 rows are completed. With white, ch 6, turn, d in each st, ch 1, turn. Continue across top of pocket. Whip on top of the pocket and turn outward. Sew pocket on about 12 ridges from front and about 3 or 4 inches from bottom.

STRAPS FOR BELT.—Chain 18, 3 d in 2d st, d in each st to end of ch; 3 d in end st, d in lower edge of d to beginning, join.

TO PUT TOGETHER.—Sew or crochet sweater together on shoulders, cuffs on sleeves, sleeves in armholes. Whip collar onto the neck of the sweater. It will be noticed that the collar may not seem quite large enough, but it will be an easy matter to ease any fulness in. Brush the white parts until furry.

Knit plain for 15 ridges and bind off 38 for sleeve. Knit 5 ridges more and slip all the stitches on an extra

SIZE, 8 YEARS. BACK.—Using the steel needles cast on 84 sts, k 1, p 1, every time across for 2 inches, then add 1 extra st, making 85 sts, and using the amber needles knit the "pattern" until the back measures 20 inches. Change to steel needles again and k back and forth in plain garter-st for 5 ribs or 10 times across then repeat the "pattern" on the amber needles for about the same number of times. This brings the work to the neck and shoulders.

For the first shoulder, k and slip 20 sts onto a large safety-pin until needed, slip and bind the next 27 sts for the back of neck, and on the remaining 20 sts (using the steel needles) k 5 ribs of garter-st.

FRONT.—Cast on 24 sts towards the front or neck edge, making 53 sts on the needle. With amber needles again k the herring-bone pattern to the depth of 2 inches, then increase 1 st at arm-size every third time across until there are 65 sts.

At front edge slip 12 sts onto safety-pin, and on the remaining sts k the front until it corresponds in length with the back at the underarm. With steel needles pick up the 12 sts from safety-pin, cast on 12 sts and on these 24 sts k 1 and p 1 the length of front edge. The second front is knit exactly the same as the first, using the 20 sts on the safety-pin.

When knitting the band to the left front, button-holes must be made at regular intervals and in the following manner: K 3 sts, bind off 6, k 6, bind off 6, k 3, turn, k 3, cast on 6, k 6, cast on 6, k 3. The buttonholes may be placed at any distance apart.

SLEEVE.—Cast on 45 sts for top of sleeve. Increase 2 sts at beginning and end of every other row until there are 71 sts, add 7 sts at each end, making 85 sts on needle. K pattern for about 2 in. without increase,

then n at each end of needle about every 4th or 5th row until 71 sts remain. K desired length (about 12 inches at underarm seam) without narrowing, then n at regular intervals throughout one row until 54 sts remain. With steel needles k 1 and p 1 to the depth of 4 inches for the cuff, bind off.

COLLAR AND FACINGS.—With steel needles cast on 30 sts for the collar, increase 1 st at beginning of each row for 3½ or 4 in., then decrease 1 st at beginning of each row until the original number of 30 sts is reached. Sew the slanting ends to the top of the sweater fronts, and the bound-off edge to the neck.

For the facings to the upper edge of fronts where they join the collar and turn over, cast on 30 sts, using the steel needles, k 1, p 1, for 3½ in. Continue knitting this same way but narrow 1 st at the same edge of every 3d row until 6 sts have been narrowed off. K without narrowing until the piece is long enough to fit from top of front band to the neck of the sweater, bind off, overhand straight edge to the front of sweater above the band, sewing on the wrong side. K second facing in the same manner, being sure to make it directly opposite. The collar and facings must be very carefully fitted and sewed into place, then pressed on a padded surface.

Make two heavy chain-loops along the edge of left lapel to be fastened over buttons on the right and under side when the sweater is worn high. Hem the collar and facings into place on the wrong side, sew the front bands neatly in place, felling again on wrong side.

Close underarm and sleeve seams, overhand arm-sizes and tops of sleeves with the wool, sew sleeves into place, and press carefully.
