## Tips for Crocheters

**IMPORTANT . . .** Be sure to buy at one time sufficient material of the **same dye lot** to complete the article you wish to make, as it is impossible to avoid slight variations in shade in different dye lots.

**GAUGE . . .** Before starting your article, make a small sample of the stitch. If your working tension is too tight or too loose, use a finer or coarser hook, to obtain the correct gauge.

**LAUNDERING . . .** Launder garment in warm water, using a good neutral soap or soap flakes. *Do not use bleaching solutions!* Allow to dry. Shape gently to size and, if necessary, iron while slightly damp, on wrong side with a moderately warm—not hot—iron.
