## General Information

**GAUGE . . .** For perfect results your number of stitches and rows should correspond with that in the directions. Before starting your article, make a small sample of the stitch. If your working tension is too tight or too loose, use a finer or coarser needle, to obtain the correct gauge.

**BLOCKING DIRECTIONS . . .** Using rust-proof pins, pin individual pieces right-side-down on Turkish towels. Press with a hot iron, through a damp cloth. When thoroughly dry, remove pins.

### TO LAUNDER COTTON ARTICLES

. . . Before laundering, record all important measurements. Use a good neutral soap or soap flakes; make suds in warm water. Squeeze suds through article until it is clean.
