Mit Nachstehendem erlaube ich mir Ihnen einige

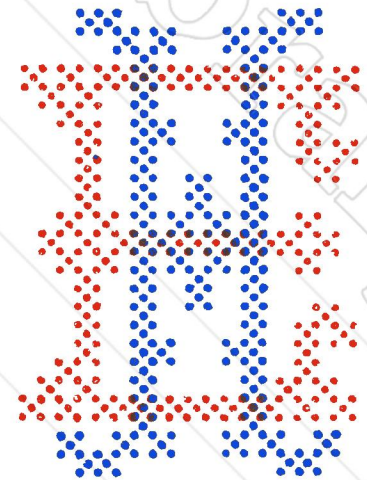

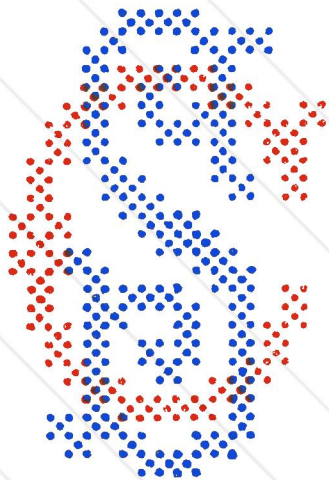

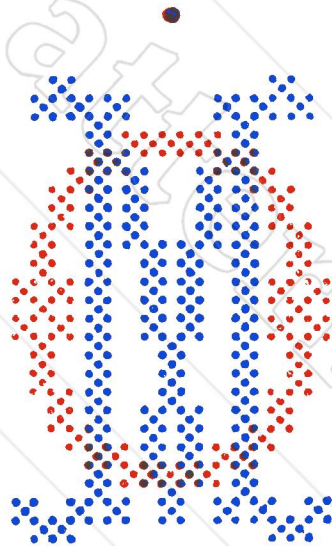

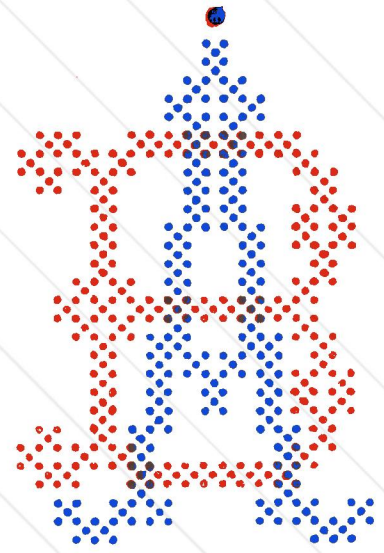

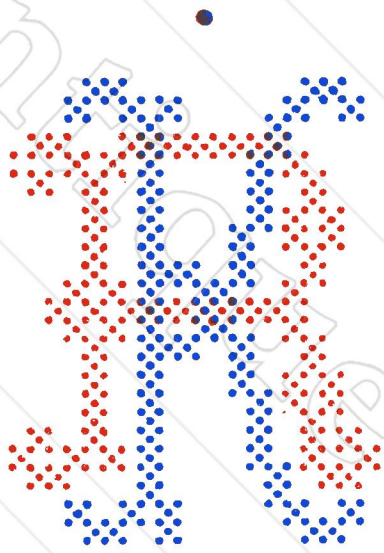

Muster

meiner patentirten Schablonen
zur **Kreuzstich-Stickerei**

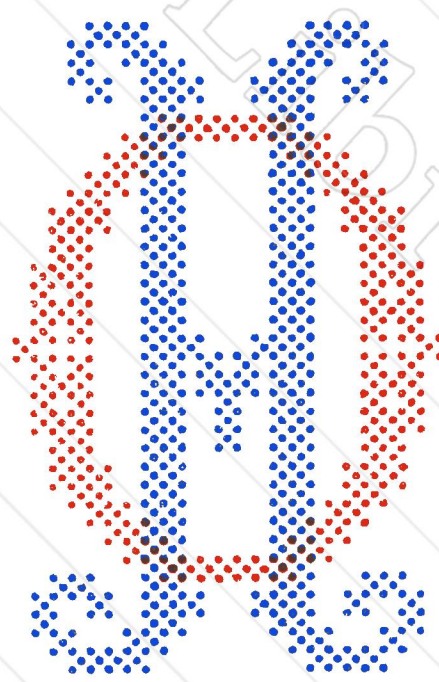

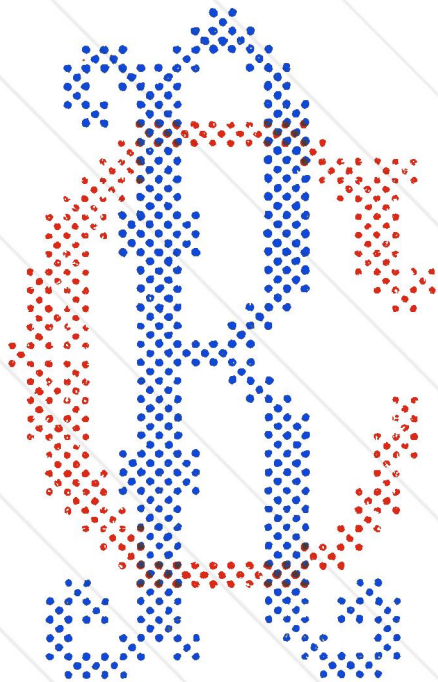

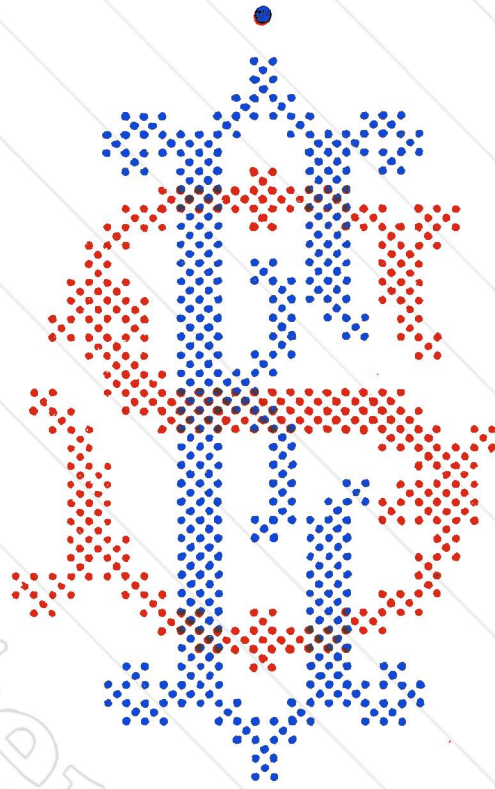

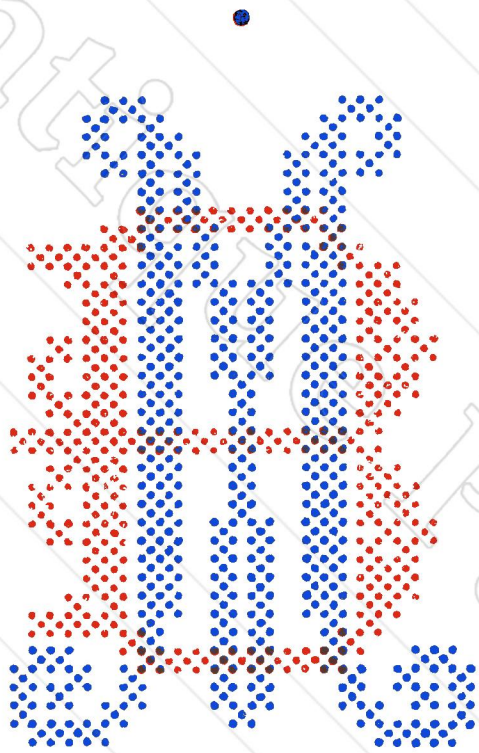

vorzulegen.

Durch Aufzeichnen mit diesen Schablonen fällt das Zählen und Aufheften von Canevas fort, wodurch den Damen das Arbeiten auf Leinen bedeutend erleichtert wird.

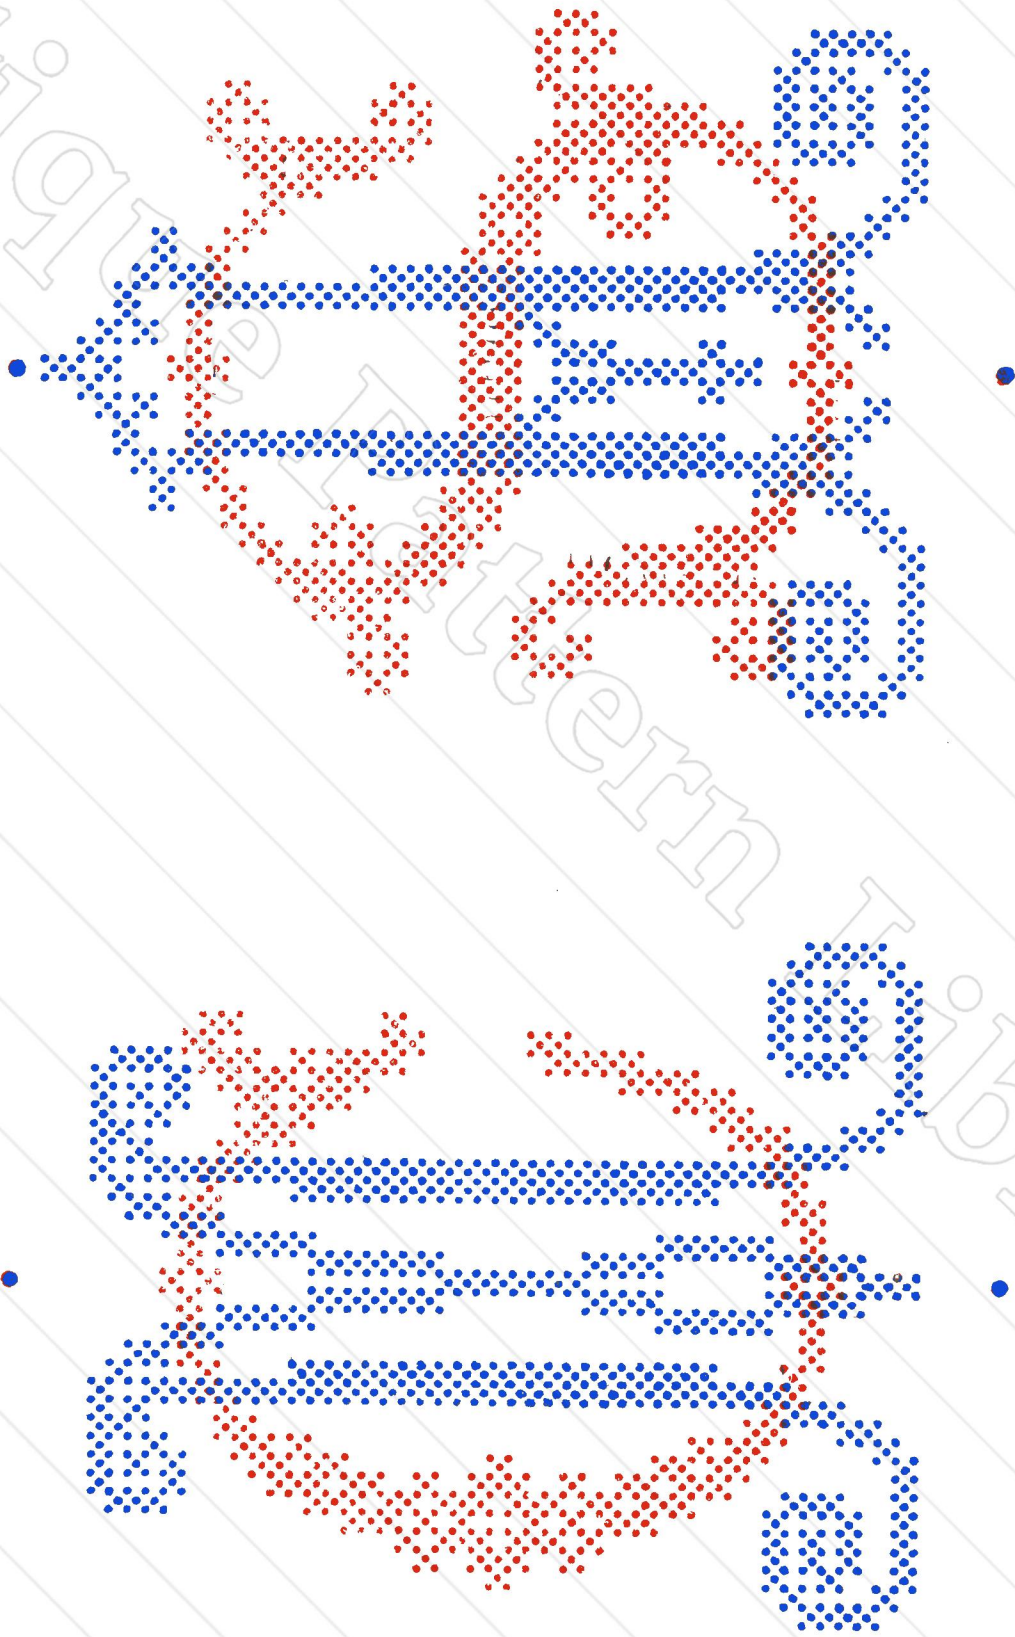

Das Muster setzt sich, wie Sie aus Zeichnung ersehen, aus Punkten zusammen, von denen stets fünf (:•:) ein Kreuz (×) bilden, sodass die Kreuzung des Fadens den mittleren Punkt verdeckt. Die Monogramm-Collectionen bestehen aus 2 Satz Buchstaben und werden dieselben mittelst Anlegepunkt in 2 Farben übereinander gezeichnet. Da diese neuen Schablonen sich bereits einer allgemeinen Beliebtheit erfreuen, so erlaube ich mir Ihnen dieselben angelegentlichst zu empfehlen.
