Infant’s Lap Pad

Materials: Three Hanks of Richardson’s Mercerized Perle Cotton, Art. 60, No. 5; 1 Hank No. 12 and a No. 5 Steel Hook.

Directions: Begin with a ch 15 inches long. In the 5th st from the hook make a shell of 6 dc, skip 1 ch, and sc in the next, skip 2 ch, another shell in the next, and repeat the shells to the end of the row, ending with a sc.

For the second row, ch 3, turn, sc in center of last shell, shell of 6 dc in sc between shells, and repeat to end of the row. Repeat the second row until the pad measures 12 inches in width. This completes one side. Make the other side same size.

Lay the sides together and, beginning at the corner, join 3 sides with sc, the stitches close enough so the work will not draw; also make sc around the end which is left open. For the next row make t c with 2 ch between in every third sc around the 3 sides and the open end, thus forming the spaces through which to run the ribbon.

For the next row, ch 6 and fasten by sc in every alternate t c of the last row. For the next row make 12 dc in first 6 ch, 6 dc in the next ch, ch 6, turn back and fasten by sc in center of the 12 dc, turn. 12 dc in the last ch made, 6 dc to finish the scallop already started, 12 dc in next ch, 6 dc in the next, and finish scallop as before. Repeat around the three sides and the opening.

Slip a piece of rubber sheeting into the pad and run the ribbon through the spaces, lacing 2 sides together at the end.
